1. THE PURPOSE OF THIS MODIFICATION IS TO REPLACE PAGES 23 THROUGH 27 OF THE STATEMENT OF NEED, PAGE 30 APPENDIX I, AND PAGES 32, 33, 34 AND 34A, APPENDIX III, INCORPORATING THE 24 HOUR BIN DROP OFF POINT INTO THE CONTRACT, WHICH WILL BE EMPTIED ONCE A WEEK. THE MODIFICATION IS ALSO INCORPORATING 4 BINS FOR PICKUP OF SCRAP METAL.

2. APPENDIX I IS A LISTING OF THE EQUIPMENT THE CONTRACTOR SIGNED FOR FROM THE GOVERNMENT FOR THE LIFE OF THE CONTRACT.

3. APPENDIX III IS A NEW LISTING OF PICKUPS CHANGING THE CARDBOARD FROM 35 TO 19 PICKUPS, AND INCREASING REGULAR PICKUPS FROM 84 TO 101.

4. THERE ARE NO MONETARY CHANGES TO THIS MODIFICATION.

5. RELEASE OF CLAIMS: IN CONSIDERATION OF THE MODIFICATION AGREED TO HEREIN AS COMPLETE EQUITABLE ADJUSTMENT, THE CONTRACTOR HEREBY RELEASES THE GOVERNMENT FROM ANY LIABILITY UNDER THIS CONTRACT FOR FURTHER EQUITABLE ADJUSTMENTS ATTRIBUTABLE TO SUCH FACTS OR CIRCUMSTANCES GIVING RISE TO THIS CONTRACT MODIFICATION.

(END PAGE)

STATEMENT OF NEED

1. The contractor shall provide a technical proposal on providing recycling collection and disposition services as outlined in this Statement of Need and the Technical Proposal Criteria. The contractor shall perform services at the frequency requirements set forth in this Statement of Need. The contractor shall provide all personnel, equipment, tools, supplies, materials and other items necessary to perform all tasks in the best and most workmanlike manner to meet the completeness and quality, by qualified, careful, and efficient personnel skilled in the trade, and in compliance with this statement of need and industry standards.

2. **Vehicles.** Vehicles shall be in operable condition and meet the local, state and Federal safety requirements. Vehicles shall present a neat appearance and have the contractor's name affixed on both sides of the vehicles. Vehicles shall be in like new condition and shall be maintained in good operating condition and in a neat appearance throughout the contract period.

3. **Government Provided Equipment.** The contractor shall maintain government provided equipment and supplies in good operating condition at all times. Government provided equipment shall be available for inspection as requested. The contractor shall ensure recycling collection points and facility are neat, organized, and free from debris at all times. Government provided equipment is listed in Appendix I.

4. **Collection.** The contractor shall collect all materials for recycling at established accumulation points and process the materials at the contractor facility. Recycling items include but are not limited to Cardboard, paper, newsprint, magazines, plastics, glass, aluminum, and scrap metal (This metal shall be thoroughly scrap). Collection in Military Family Housing shall be curbside once weekly. Base Proper locations are identified at Appendix II. Base Proper collection points are curbside and inside buildings from base offices and industrial areas. Recycling is not exclusive to this contractor. Individuals may collect and process recycling materials.

5. The contractor shall be required to collect recycling materials at missed collection points at no additional cost to the Government. The Quality Assurance Personnel shall notify the contractor of such missed collections, and the contractor shall perform services prior to close of business that day if collection point is at curbside or within one duty day if inside from time of notification. The contractor shall notify the Quality Assurance Personnel of any conditions that prevent the collection performance schedule, such as vehicle breakdowns, closed facilities. The contractor shall be required to complete his schedule if notifications of conditions are not immediately reported. The Government will have one hour to ensure collection point is accessible.

6. **Military Family Housing** curbside collection shall be once weekly (Mondays – Wherry Housing and Fridays Bunker Hill and Capehart) and during the hours of 0800 and 1700 hours. Collection routes and schedules shall be consistent each week. This may be adjusted as needs change and submitted request approved by the contracting officer. Each unit is furnished three "We Recycle" containers (three cubic feet) for aluminum, plastic, glass, newspaper, magazines, bond paper, tin cans, and cardboard.

Military Family Housing consists of three separate locations:

Capehart Housing	500 units
Bunker Hill Housing	200 units
Wherry Housing	587 units

7. The contractor shall collect all yard debris at each collection point. The contractor shall ensure all yard debris is taken to a composting center such as the Wichita Falls Landfill Composting Site or an equivalent after approval from the Contracting Officer. The tonnage amount shall be included in the monthly reports. Yard debris is considered organic matter, such as but not limited to cut grass, branches, and leaves, Christmas trees, etc. The contractor will not be required to remove tree limbs, which exceed 6 foot in length or weigh more than 50 pounds.

8. **Schedules.** The contractor shall initially collect the recycling materials in accordance with established routes.. The contractor shall submit a schedule of collections by locations and day in the order of collection. All schedule frequencies shall be submitted to the contracting officer for approval prior to contract start date. The current collection schedule is included at Appendix 3. The contractor shall provide service as indicated by the Government established schedule. However, as recycling within a facility increases/decreases, the contractor may submit a revised schedule for approval.

9. The contractor shall thoroughly wash contractor and government provided containers as required to maintain sanitary conditions.

10. **Tonnage/Poundage Reports.** The contractor shall submit to the Quality Assurance Personnel on a monthly basis the total tonnage of recycling collected and total amount processed during the preceding month from Sheppard AFB by Military Family Housing and Base Proper The contractor shall submit the information requested not later than the fifth working day following the reporting month. Data shall contain the total tonnage/poundage collected and disposition by weight of each category as defined in Appendix II of recyclable materials. This data shall be accurate. Data shall be submitted to 82 CES/CEOE QAE prior to invoicing.

11. **Hours of Operation.** All collections on the Base shall be accomplished during the hours of 0730 and 1630. Some containers will be located inside fenced areas and accessible only during normal duty hours. These shall be identified to the contractor at the preperformance conference and shall be collected during the facility's normal duty hours. The contractor shall collect all materials for recycling at each container site, including near or on the container.

12. The contractor shall empty and return non-disposable containers to their proper station and ensure lids are closed and securely in place. The contractor shall position all containers at collection stations to best aid the user in placing materials for recycling with the least interference with vehicle and pedestrian traffic. Containers shall be emptied and returned to their location with lids secure.

13. All containers shall be maintained in like new appearance. Repairs to containers shall be accomplished as required to assure a well-maintained container with lids that properly function. Container shall be replaced by the contractor when no longer serviceable. The contractor shall only be responsible for the containers issued to him and contained in Appendix I. As these items are issued to MFH units or building, the contractor shall maintain a record of the locations. The contractor will not be responsible for containers issued to MFH units.

14. Occasions will arise that require services other than described above, such as special events requiring collection of materials for recycling. This service shall be accomplished at the schedule cost.

15. Throughout the contract, the relocation of containers may be required. The relocation will be at no additional charge to the Government.

16. All proceeds received from sold recycling materials will be the property of the contractor, EXCEPT DECA (Commissary) and AAFES (BX) which presently share 50% each. DECA and AAFES may withdraw from participation at any time or other arrangements may be required. The contractor shall make arrangements with these agencies, however, the tonnage/poundage shall be included in the submitted reports.

17. **Quality Control.** The contractor shall provide a Quality Control Plan not later than the Preperformance Conference for approval. The Contract Manager shall be identified. The contract manager shall have full authority to act for the contractor on all contract matters relating to daily operations of this contract. The contractor manager shall contact the Government personnel within 30 minutes during normal duty hours when requested. The Government shall be provided with communication availability, which will allow this response time. The contractor shall provide the Contracting Officer with a listing of all contractor employees. The Quality Control Management Plan shall contain specific plans and procedures for establishing and maintaining a quality control/inspection program to ensure the Government receives the services requested. The plan shall identify proposed communication and availability to Government personnel. These requirements shall be resubmitted when changes occur.

18. Appendix II lists tonnage/poundage reported by the Government by month. Data is for information purposes only.

19. **Compliance with Laws and Regulations.** The contractor shall be knowledgeable of and comply with all applicable Federal, State and local laws, regulations, and requirements regarding environmental protection. In the event environmental laws/regulations/requirements change during the term of this contract, the contractor shall comply with such laws/regulations as changed. The contractor shall ensure all subcontractors comply with the same laws and regulations.

20. The contractor shall notify the contracting officer upon encountering any material, not identified in the contract documents, thought to be hazardous to workers, personnel in the area, or the environment. The government shall be responsible for characterization, storage, transportation and disposal of the waste, if necessary.

21. **Nuisance and Polluting Activity Prohibited.** Polluting, dumping or discharging of any harmful, nuisance, or regulated materials (such as vehicle maintenance fluids, residue from saw cutting operations, solid waste and hazardous substances) into building drains, site drains, streams, waterways, holding ponds or to the ground surface shall not be permitted and the contractor shall be held responsible for any and all damages which may result. Further, the contractor shall conduct its activities in such a fashion which avoids creating any legal nuisance, including but not limited to, suppression of noise and dust, control of erosion, and implementation of other measures as necessary to minimize off-site impacts of work activities.

22. **Protection of Land Resources.** The contractor shall take all necessary precautions to prevent damage to existing pavement, adjacent curbs, sidewalks, fences (including the dumpster enclosures), and vegetated areas including trees and shrubs. All damaged areas shall be repaired at no additional cost to the government as directed by the contracting officer.

23. **Accidental Spills.** The contractor shall transport, handle, mix, apply and dispose of pesticides in accordance with all applicable Federal, State, county and local laws and

regulations and the Resource Conservation and Recovery Act (RCRA). The contractor shall not drain petroleum products onto the ground. The contractor shall notify the contracting officer of any spills more than ½ pint of pesticide concentrate or petroleum products or any substance listed in 40 CFR 302. The contractor shall, at his own expense, remove contaminated soil, properly dispose of soil and replace it with uncontaminated topsoil and restore the grounds to their original condition. The contractor shall not dispose of contaminated soil or other hazardous material on Sheppard Air Force Base.

24. **Lost and Found Property.** The contractor shall ensure that all items of possible personal or monetary value found by the contractor's employees are turned in to the Security Forces.

25. **Safety and Health.** All equipment, practices, parts, materials and services supplied by the contractor shall conform to applicable safety and health standards as indicated in the current Code of Federal Regulations (CFR), Title 29, Chapter XVII, paragraph 1910, Occupational Safety and Health Act (OSHA). Compliance with the American General Contractors' Safety Manual and Occupational Safety and Health Act shall also be a requirement of the contractor for this statement of need.

26. **Fire and Safety.** The contractor shall comply with Sheppard AFB Instruction 32-2001, paragraphs 5, 16, and 17 in their entirety.

27. The contractor shall report all perceived safety hazards to the contracting officer immediately upon discovery.

28. The contractor shall report all damage to Government property to the Contracting Officer immediately.

29. **Government Observations.** Government personnel other than the contracting officer and quality assurance personnel may from time to time observe contractor operations. Upon direction by the contracting officer, the contractor shall provide assistance and information for these observations.

30. **Regulatory Agency Inspections.** Copies of all inspections conducted by any regulatory agency shall be provided to the contracting officer within five working days. Copies of any and all violations/deficiencies issued by a regulatory agency shall be furnished to the Contracting Officer within 48 hours.

31. **Drawings.** Map drawings of Sheppard Air Force Base to include the housing areas will be available at the Contracting office for review.

32. <u>SECURITY REQUIREMENTS FOR UNCLASSIFIED CONTRACTS</u>

1.5. ***<u>Contractor Notification Responsibilities.</u>*** The contractor shall notify the *Servicing Security Forces Organization* (SSFO) at each operating location 30 days before on-base performance of the contract. The notification shall include:

a. Name, address, and telephone number of company representatives.

b. The contract number and contracting agency.

c. The reason for the contract (i.e., work to be performed).

d. The location(s) of contract performance and future performance, if known.

e. The date contract performance begins.

f. Any change to information previously provided under this paragraph.

1.5.1. ***Pass and Identification Items.*** The contractor shall ensure the following pass and identification items required for contract performance are obtained for employees and non-government owned vehicles.

a. DD Forms 1172, *Application for Uniformed Services Identification Card*, (AFI 36-3026, *Identification Cards For Members of The Uniformed Services, Their Family Members, and Other Eligible Personnel*, and AETC Instruction 36-3001, *Issues and Control of AETC Civilian Identification (ID) Cards)*.

b. AETC Form 58, Civilian Identification Card (AETCI 36-3001).

c. AF Form 2219 (series), *Registered Vehicle Expiration Tab* (AFI 31-204), *Air Force Motor Vehicle Traffic Supervision)*.

d. DD Form 2220, *DoD Registered Vehicle and Installation Tab* (AFI 31-204).

e. AF Form 1199, *USAF Restricted Area Badge*, or locally developed badge.

f. AF Form 75, *Visitor/Vehicle Pass* (AFI 31-204).

1.5.2. ***Suitability Investigations.*** Contractor personnel shall successfully complete, as a minimum, a National Agency Check (NAC), before operating ***government furnished*** workstations that have access to ***Air Force*** e-mail systems. These investigations shall be submitted by the government at no additional cost to the contractor. The contractor shall comply with the DoD 5200.2-R, *Personnel Security Program*, and AFI 33-119, *Electronic Mail (E-Mail) Management and Use*, requirements.

1.5.3. ***Unescorted Entry to Restricted Areas.*** When contractor employees require unescorted entry to restricted areas, the Air Force shall submit NAC investigations for contractor employees at no additional cost to the contractor. Contractor personnel shall successfully complete a NAC investigation to obtain unescorted entry to a restricted area. The contractor shall comply with DoD 5200.2-R, and AFI-31-501, *Personnel Security Program Management*, requirements.

1.5.4. ***Retrieving Identification Media.*** The contractor shall retrieve all identification media, including vehicle decals, from employees who depart for any reason before the contract expires; e.g., terminated for cause, retirement.

1.5.5. ***Listing of Employees.*** The contractor shall maintain a current listing of employees. The list shall include employee's names, social security number, and date of investigation if contract work involves unescorted entry to Air Force restricted or other sensitive areas designated by the installation commander. The list shall be validated and signed by the company *Facility Security Office* (FSO) and provided to the contracting officer and SSFO prior to the contract start date. Updated listings shall be provided when an employee's status or information changes.

1.5.6. ***Freedom of Information Act Program (FOIA).*** The contractor shall comply with AFI 37-131, *Freedom of Information Act Program* (FOIA), requirements. The regulation sets policy and procedures for the disclosure or records to the public and for marking, handling, transmitting, and safeguarding *For Official Use Only* (FOUO) material.

APPENDIX I
GOVERNMENT FURNISHED FACILITY/EQUIPMENT/ETC

ITEM DESCRIPTION	QTY
SECTION I	
Container, MFH Curbside Containers	225
Container, 28 gal Square Brute Containers	4
Dolly for 28 gal Square Container	6
Container, 30 gal Round Blue Containers (We Recycle)	4
Lid for 30 gal Container (White)	16
Container, 44 gal Round Blue Container (We Recycle)	24
Lid for 44 gal Round Container (White)	56
Lid for 44 gal Round Container (Blue, Cans Only)	16
Dolly for 30/44 gal Round Containers	48
Container, 60 gal Square Brown Container with wheels	12
16 cubic foot cart with casters, blue	14
20 cubic foot cart with casters, gray	23
Lid for 20 cubic foot cart, gray	27
Container, Large Capacity Brown Metal Recycling (Cans Only)	
Trailer, custom 16" w/wire mesh sides, Blue	1
Trailer, Curbside, Brown (Protainer "1")	2
