The vision of the United States Chaplain Corps is to care for Airmen more than anyone thinks possible. Worship Services, liturgies, rites and small groups are important practices of religious expression for many. In compliance with the 82d Training Wing Commander's directive, there will be no Sheppard Air Force Base Chapel gatherings or Chapel events until further notice. This response is in line with the overall effort to slow down the spread of COVID-19 and flatten the curve. The list of virtual resources below is designed to help people continue their religious practices during this season of social distancing.
